

Peer Sylvester

Taschkent

~ Halbig Expansion ~

The famous statues of Tashkent were destroyed in a big storm. Players who pay homage to the trade gods by rebuilding the statues, get an additional reward.

Additional Components

- 4 three-piece pawns in 4 colors (silver, green, black, gold)
- 4 individual heads in the same colors
- 1 opaque bag

Play

- The rules of the basic game remain.
- The 4 three-part pawns are disassembled and the 16 pieces are put into the given bag. Thereafter always place two randomly drawn pieces on any space of the game board.
- In the trading phase on the spaces where there are pieces you can get as income either a goods card, a pawn piece or three Tugrik.
- Whoever puts a three-piece pawn together first, receives some bonus points at the end of the game according to color of the head piece:

| color | | points |
|-------------------------------------------------------------------------------------|--------|--------|
|  | black | 5 |
|  | green | 6 |
|  | silver | 7 |
|  | gold | 8 |

- You also get 2 bonus points for completed statues (three-piece pawns), consisting of three different colors, and 4 bonus points for statues consisting of only one color.
